

ASSEMBLY

STEP 1 Lay out the components and parts on a clean, flat surface. Check the parts list to ensure you have all the necessary components. The parts list is located on page 10 of the manual.

STEP 2 Attach the front legs to the front panel. Insert the front leg brackets into the front panel slots. Tighten the screws to secure the front legs.

STEP 3 Attach the back legs to the back panel. Insert the back leg brackets into the back panel slots. Tighten the screws to secure the back legs.
